Nominated as one of America’s best-loved novels by PBS’s The Great American Read. An American classic and great bestseller for over thirty years, A Separate Peace is timeless in its description of adolescence during a period when the entire country was losing its innocence to World War II. Set at a boys' boarding school in New England during the early years of World War II, A Separate Peace is a harrowing and luminous parable of the dark side of adolescence. Gene is a lonely, introverted intellectual. Phineas is a handsome, taunting, daredevil athlete. What happens between the two friends one summer, like the war itself, banishes the innocence of these boys and their world. Steers buyers through the the confusion and anxiety of new and used vehicle purchases like no other car-and-truck book on the market. “Dr. Phil,” along with George Iny and the Editors of the Automobile Protection Association, pull no punches. Fueroghne guides readers through the complex laws governing the creation of advertising, illuminating a heavily regulated arena at the intersection of free enterprise and consumer protection. Is it acceptable to use images of real people, famous or not? Can Nike talk about Adidas in its promotional campaign? When can money be shown? What constitutes puffery, or deceptive truth, or bait-and-switch advertising? What are the specific rules pertaining to professional businesses, political advertising, or the marketing of alcohol or tobacco? What is the difference between copyright and trademark? Fueroghne answers these questions and more as he covers the complex laws relevant to advertising in all its guises. In addition to discussing specific cases, he explains the reasoning behind the court’s decisions and how it affects the business of advertising. Students of strategic communication as well as advertising professionals—from agency account executives and copywriters to art directors and freelance designers—will learn to anticipate when proposed advertising may cause legal problems and how to avoid costly mistakes. Advertising lawyers will also appreciate the book as a handy reference that gathers in one place the many disparate laws affecting marketing and promotion in the United States today. Over the last 50 years, literally millions of GM cars and trucks have beenbuilt with Turbo 400 automatic transmissions. While these transmissions are respected for their durability and versatility, there always comes a point where the old transmission shows signs of wear. At some point, even the best transmissions need to be rebuilt. Respected automotive technical author Cliff Ruggles takes readers through the complex rebuild procedure of GMs most popular rear-wheel drive automatic transmission in this great new book. Enthusiasts have embraced the reliable GM Turbo Hydra-Matic400 three-speed automatics for years, and the popularity of these transmissions is not slowing down. With his proven style, Ruggles walks through the step-by-step rebuild and performance upgrade procedures in a series of full-color photos for each of these models. Time saving tips are part of every buildup. This is a welcome addition to your automotive library. Amateurs and professionals alike will appreciate the advice and guidance offered on every page. Even if you end up deciding to have a professional take care of your transmission repair and performance needs, this information iscrucial to understanding how the power gets from the engine to the road. Buy a world-class luxury car for under \$10,000. For about five thousand dollars, you can drive a top-of-the-line flagship luxury car that is classier, faster, and more comfortable than most brand new cars. The only downside may be that your friends think you have too much money to spend, because no one will be able to guess you only paid five thousand for a car that cost seventy thousand new Don't settle. Used luxury cars aren't scary, if you know which ones to buy and which ones to avoid, and how to choose them, buy them, and maintain them. The only thing better than cruising around in the comfort of a seventy thousand dollar car is knowing that you paid under ten thousand dollars for it. This book is an in-depth guide to: Why used luxury cars are underpriced (“the Uncle Howard effect”) Why you shouldn't buy a used luxury car from the corner car lot Why you shouldn't spank yourself for wanting a luxury car Which used luxury cars are the best deals and which ones you must avoid just as assiduously as you'd avoid making eye contact with a clown What years, configurations, and options to choose on each car What specific pitfalls to avoid with each recommended car How to get parts and labor for a reasonable price, without compromising your sexual morals How to love life because you're driving an amazing luxury car and you paid only \$5,000 for it Doris bought her first used luxury car when she was still in high school, and has been obsessing over buying and selling used luxury cars since then. She loves cars, she loves bargains, and she loves helping people save money on car ownership. This book combines all three of her interests. The purpose of this book is to give ChristaEUR"centered believers an objective look at how a community of believers has the ability to not just survive in the roughaEUR"andaEUR"tumble times that a postaEUR"financialaEUR"collapse world will inevitably lapse into, but actually thrive. ChristaEUR"centered leadership is the key. Honoring God the Father and His Son Yeshua in all aspects is something that the author strove to hear God's leading on, from start to finish. Over the last twenty years, many books, articles, and movies have been written and filmed about the postapocalyptic world, both fiction and non fiction howaEUR"to, centering on what to do and how to do it. Most, if not nearly all, have focused on a few major topics, with perhaps another one or two side issues. In this book, the author has endeavored to cover as many facets as possible that will come into play as given to him by God's Spirit. Financial collapse, firearms, selfaEUR"defense, breakdown of law and order, cannibalism, barter, invasion by the UN, the setting up of a retreat, basic survival skills, and medical care by amateurs have all been covered in other works, and usually quite well. But, as they say on TV, wait, there's more...much, much more. Also woven into this work are torture, suicide, homosexuality and the subsequent deliverance from it, along with the very real probability of Islamic terrorism. Then we get to, for the most part, the forgotten wild cards: a command structure for the leadership, unparalleled cataclysmic geological upheaval, pandemic outbreak, the setting up of a city of refuge for God's people, and without question, the most neglected yet, far and away, most important deciding factor in all this: the last days' move of God. Mix all these factors together, and there we will find ourselves in uncharted waters. Owens provides precise, easy-to-follow instructions for 1975 to 1987 two- andfour-wheel-drive pickups, 4-Runners, and cab-and-chassis models. Illustrated. Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
