In his long-awaited, vastly innovative new novel, Naipaul, "one of literature's great travelers" (Los Angeles Times), spans continents and centuries to create what is at once an autobiography and a fictional archaeology of colonialism. "Dickensian . . . a brilliant new prism through which to view (Naipaul's) life and work."--New York Times. Much has changed since V.S. Naipaul's first trip to India and this fascinating account of his return journey focuses on India's development since independence. Taking an anti-clockwise journey around the metropolises of India - including Bombay, Madras, Calcutta, and Delhi - Naipaul offers a kaleidoscopic, layered travelogue, encompassing a wide

*collage of religions, castes, and classes at a time when the percolating ideas of freedom threatened to shake loose the old ways. The brilliance of the book lies in Naipaul's decision to approach this shifting, changing land from a variety of perspectives: the author humbly recedes and allows the Indians to tell the stories of their own lives. In his first book of non-fiction since 2003, V.S. Naipaul gives us an eloquent, candid, wide-ranging narrative that delves into the sometimes inadvertent process of creative and intellectual assimilation. Born in Trinidad of Indian descent, a resident of England for his entire adult life, and a prodigious traveller, Nobel Laureate V. S. Naipaul has always faced the challenges of "fitting one civilisation to another." In *A Writer's People*, he discusses the writers to whom he was exposed early on, Derek Walcott, Flaubert and his own father among them; how Anthony Powell and Francis Wyndham influenced his first encounters with literary culture; what we have retained—and forgotten—of the world portrayed in Caesar's *The Gallic War* and Virgil's *Aeneid*; how the writings of Gandhi, Nehru and other Indian writers both reveal and conceal the authors and their nation. And he brings the same scrutiny to bear on his own life: his years in Trinidad; the gaps in his family history; the "private India" kept alive through story, ritual, religion and culture; his ever-evolving reaction to the more complicated and demanding true India he would encounter for the first time when he was thirty. Part meditation, part remembrance, as elegant as it is revelatory, *A Writer's People* allows us privileged insight—full of incident, humour and feeling—into the mind of one of our greatest writers. "He brings to non-fiction an extraordinary*

*capacity for making art out of lucid thought. . . . I can no longer imagine the world without Naipaul's writing." Los Angeles Times Book Review In this book, Robert Lucas brings together several of his seminal papers on the subject, together with the Kuznets Lectures that he gave at Yale University, to present a coherent view of economic growth."--BOOK JACKET. In 1975, at the height of Indira Gandhi's "Emergency," V. S. Naipaul returned to India, the country his ancestors had left one hundred years earlier. Out of that journey he produced this concise masterpiece: a vibrant, defiantly unsentimental portrait of a society traumatized by centuries of foreign conquest and immured in a mythic vision of its past. Drawing on novels, news reports, political memoirs, and his own encounters with ordinary Indians—from a supercilious prince to an engineer constructing housing for Bombay's homeless—Naipaul captures a vast, mysterious, and agonized continent inaccessible to foreigners and barely visible to its own people. He sees both the burgeoning space program and the 5,000 volunteers chanting mantras to purify a defiled temple; the feudal village autocrat and the Naxalite revolutionaries who combined Maoist rhetoric with ritual murder. Relentless in its vision, thrilling in the keenness of its prose, *India: A Wounded Civilization* is a work of astonishing insight and candor. On the mutiny of ratings of the Royal Indian Navy, Bombay, 1946. "A sumptuous whistle-stop tour of India's diverse food ways. Maneet has penned a love letter to the best of Indian food."—Padma Lakshmi, host and executive producer of *Top Chef* and *Taste the Nation*
IACP AWARD WINNER • LONGLISTED FOR THE ART OF*

EATING PRIZE • NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY Food Network • Salon • Epicurious • Garden & Gun • Wired Explore the bold flavors, regional dishes, and stunning scenery of India with over 80 recipes from Chopped judge and James Beard Award-winning chef Maneet Chauhan. In Chaat, Maneet Chauhan explores India's most iconic, delicious, and fun-to-eat foods coming from and inspired by her discoveries during an epic cross-country railway journey that brought her to local markets, street vendors, and the homes of family and friends. From simple roasted sweet potatoes with star fruit, lemon, and spices to a fragrant layered chicken biryani rice casserole, and the flakiest onion and egg stuffed flatbreads, these recipes are varied, colorful, and expressive. Maneet weaves in personal stories and remembrances as well as historical and cultural notes as she winds her way from North to South and East to West, sharing recipes like Goan Fried Shrimp Turnovers, Chicken Momo Dumplings from Guwahati in Assam, Hyderabad's Spicy Pineapple Chaat, and Warm-Spiced Carrot and Semolina Pudding from Amritsar. With breathtaking photography and delectable recipes, Chaat is a celebration of the diversity of India's food and people. The author of more than thirty books of fiction and nonfiction and winner of the Nobel Prize in Literature, V. S. Naipaul (1932-2018) is one of the most acclaimed authors of the twentieth century. He is also one of the most controversial. Before settling in England, Naipaul grew up in Trinidad in an Indian immigrant community, and his depiction of colonized peoples has often been harshly judged by critics as unsympathetic, misguided, racist, and sexist. Yet other

readers praise his work as containing uncommonly perceptive historical and psychological insight. In *V. S. Naipaul's Journeys*, Sanjay Krishnan offers new perspectives on the distinctiveness and power of Naipaul's writing, as well as his shortcomings, trajectory, and complicated legacy. While recognizing the flaws and prejudices that shaped and limited Naipaul's life and art, this book challenges the binaries that have dominated discussions of his writing. Krishnan reads Naipaul as self-subverting and self-critical, engaged in describing his own implication in what he saw as the malaise of the postcolonial world. Krishnan brings together close readings of major novels with considerations of Naipaul's work as a united project, as well as nuanced assessments of Naipaul's political commentary on ethnic nationalism and religious fundamentalism. Krishnan provides a Naipaul for contemporary times, illuminating how his life and work shed light on debates regarding migration, diversity, sectarianism, displacement, and other global challenges. *Understanding Africa* is critical for all concerned with the world today: in what promises to be his final great work of reportage, one of the keenest observers of the continent surveys the effects of belief and religion on the disparate peoples of Africa. *The Masque of Africa* is Nobel Prize-winning V. S. Naipaul's first major work of non-fiction to be published since his internationally bestselling *Beyond Belief*. Like all of Naipaul's great works of non-fiction, *The Masque of Africa* is superficially a book of travels — full of people, stories and landscapes he visits — but it also encompasses a larger narrative and purpose: to judge the effects of belief (whether in indigenous animisms, faiths

imposed by other cultures, or even the cults of leaders and mythical history) upon the progress of civilization. For the first time: the Nobel Prize winner's stunning short fiction collected in one volume, with an introduction by the author. Over the course of his distinguished career, V. S. Naipaul has written a remarkable array of short fiction that moves from Trinidad to London to Africa. Here are the stories from his Somerset Maugham Award-winning *Miguel Street*, in which he takes us into a derelict corner of Trinidad's capital to meet, among others, Man-Man, who goes from running for public office to staging his own crucifixion. The tales in *A Flag on the Island*, meanwhile, roam from a Chinese bakery in Trinidad to a rooming house in London. And in the celebrated title story from the Booker Prize-winning *In a Free State*, an English couple traveling in an unnamed African country discover, under a veneer of civilization, a landscape of squalor and ethnic bloodletting. No writer has rendered our postcolonial world more acutely or prophetically than V. S. Naipaul, or given its upheavals such a hauntingly human face. Europe where the sun dares scarce appear For freezing meteors and congealed cold.' - Christopher Marlowe In this innovative and compelling work of environmental history, Philipp Blom chronicles the great climate crisis of the 1600s, a crisis that would transform the entire social and political fabric of Europe. While hints of a crisis appeared as early as the 1570s, by the end of the sixteenth century the temperature plummeted so drastically that Mediterranean harbours were covered with ice, birds literally dropped out of the sky, and 'frost fairs' were erected on a frozen Thames - with kiosks, taverns, and even brothels

that become a semi-permanent part of the city. Recounting the deep legacy and sweeping consequences of this 'Little Ice Age', acclaimed historian Philipp Blom reveals how the European landscape had ineradicably changed by the mid-seventeenth century. While apocalyptic weather patterns destroyed entire harvests and incited mass migrations, Blom brilliantly shows how they also gave rise to the growth of European cities, the appearance of early capitalism, and the vigorous stirrings of the Enlightenment. A sweeping examination of how a society responds to profound and unexpected change, *Nature's Mutiny* will transform the way we think about climate change in the twenty-first century and beyond.

India is the collection of three classic books by V. S. Naipaul, introduced by fellow traveller and writer Paul Theroux. Winner of the 2022 American Book Award Finalist for the PEN/Voelcker Award for Poetry Longlisted for the PEN/Jean Stein Book Award Finalist for Publishing Triangle's Thom Gunn Award for Gay Poetry Named one of the Best Books of 2021 by The Boston Globe and Lit Hub

From the critically acclaimed author of *Thief in the Interior* who writes with "a lucid, unmitigated humanity" (Boston Review), a startling new collection about revolt and renewal *Mutiny: a rebellion, a subversion, an onslaught*. In poems that rebuke classical mythos and western canonical figures, and embrace Afro-Diasporanfolk and spiritual imagery, Phillip B. Williams conjures the hell of being erased, exploited, and ill-imagined and then, through a force and generosity of vision, propels himself into life, selfhood, and a path forward. Intimate, bold, and sonically mesmerizing, *Mutiny* addresses loneliness, desire, doubt, memory, and the

borderline between beauty and tragedy. With a ferocity that belies the tenderness and vulnerability at the heart of this remarkable collection, Williams honors the transformative power of anger, and the clarity that comes from allowing that anger to burn clean. A New York Times Notable Book Nobel laureate V. S. Naipaul's impassioned and prescient travelogue of his journeys through his ancestral homeland, with a new preface by the author. Arising out of Naipaul's lifelong obsession and passion for a country that is at once his and totally alien, India: A Million Mutinies Now relates the stories of many of the people he met traveling there more than fifty years ago. He explores how they have been steered by the innumerable frictions present in Indian society—the contradictions and compromises of religious faith, the whim and chaos of random political forces. This book represents Naipaul's last word on his homeland, complementing his two other India travelogues, An Area of Darkness and India: A Wounded Civilization. Prompted by the Emergency of 1975, Naipaul re-visited India, casting a more analytical eye over Indian attitudes. In this work, he reinforces his conviction that India, wounded by a thousand years of foreign rule, has not yet found an ideology of regeneration. AN AREA OF DARKNESS 'Brilliant ... tender, lyrical, explosive' Observer V.S. Naipaul was twenty-nine when he first visited India. This is his semi-autobiographical account—at once painful and hilarious, but always thoughtful and considered—a revelation both of the country and of himself. INDIA: A WOUNDED CIVILIZATION 'A devastating work, but proof that a novelist of Naipaul's stature can often define problems quicker and more effectively than a team of

economists and other experts' *The Times* Prompted by the Emergency of 1975, Naipaul casts a more analytical eye, convinced that India, wounded by a thousand years of foreign rule, has not yet found an ideology of regeneration. **INDIA: A MILLION MUTINIES NOW** 'Indispensable for anyone who wants seriously to come to grips with the experience of India' *New York Times Book Review* It is twenty-six years since Naipaul's first trip to India. Taking an anti-clockwise journey around the metropolises—including Bombay, Madras, Calcutta and Delhi—he focuses on the country's development since Independence. The author recedes, allowing Indians to tell the stories, and a dynamic oral history of the country emerges. *A New York Times Notable Book* Nobel laureate V. S. Naipaul's impassioned and prescient travelogue of his journeys through his ancestral homeland, with a new preface by the author. Arising out of Naipaul's lifelong obsession and passion for a country that is at once his and totally alien, *India: A Million Mutinies Now* relates the stories of many of the people he met traveling there more than fifty years ago. He explores how they have been steered by the innumerable frictions present in Indian society—the contradictions and compromises of religious faith, the whim and chaos of random political forces. This book represents Naipaul's last word on his homeland, complementing his two other India travelogues, *An Area of Darkness* and *India: A Wounded Civilization*. In the "brilliant novel" (*The New York Times*) V.S. Naipaul takes us deeply into the life of one man — an Indian who, uprooted by the bloody tides of Third World history, has come to live in an isolated town at the bend of a

great river in a newly independent African nation. Naipaul gives us the most convincing and disturbing vision yet of what happens in a place caught between the dangerously alluring modern world and its own tenacious past and traditions. *Verslag van een langdurig bezoek aan India in 1989*. Lane Garrow has a secret—one that could get her killed. In a world where female sailors are executed, sixteen-year-old Lane's dream of being a ship's captain seems impossible. Sea life is all she knows, and she wouldn't give it up for anything, even if it means she has to hide as a captain's boy to avoid being killed. But Lane's carefully constructed world begins to crumble when an old pirate enemy comes after her father. And she begins hearing rumors that her father was once a pirate as well. Lane doesn't want to believe her father could have a dark past, but she can't help questioning everything she's known. After all, Lane's life at sea is built on lies—why couldn't her father's be, too? Then a mysterious prince shows up, and Lane finds her very survival tied to a boy who could destroy everything. With pirates, betrayal, and death threatening Lane and those she loves, she must now decide between the future she always expected and a prince with an unknown agenda who she finds herself falling for. Lane must either protect herself and find a way to live her dream, or risk everything for a world where her very existence is a death sentence. Maybe there's a third option. After all, she's never played by the rules before. Why start now? Spanning four decades and four continents, this magisterial volume brings together the essential shorter works of reflection and reportage by our most sensitive, literate, and undeceivable

observer of the post-colonial world. In its pages V. S. Naipaul trains his relentless moral intelligence on societies from India to the United States and sees how each deals with the challenges of modernity and the seductions of both the real and mythical past. Whether he is writing about a string of racial murders in Trinidad; the mad, corrupt reign of Mobutu in Zaire; Argentina under the generals; or Dallas during the 1984 Republican Convention, Naipaul combines intellectual playfulness with sorrow, indignation, and analysis so far-reaching that it approaches prophecy. *The Writer and the World* reminds us that he is in a class by himself. A classic of modern travel writing, *An Area of Darkness* is V. S. Naipaul's profound reckoning with his ancestral homeland and an extraordinarily perceptive chronicle of his first encounter with India. *Beyond Belief* is a book about one of the more important and unsettling issues of our time: the effects of the Islamic conversion of Indonesia, Iran, Pakistan, and Malaysia. It is not a book of opinion. It is - in the Naipaul way - a very rich and human book, full of people and stories. Islam is an Arab religion, and it makes imperial Arabizing demands on its converts. In this way it is more than a private faith, and it can become a neurosis. What has this Arab Islam done to the histories of these converted countries? How do the converted peoples, non-Arabs, view their past - and their future? In a follow-up to *Among the Believers*, his classic account of his travels through these countries, V. S. Naipaul returns after seventeen years to find out how and what the converted preach. In Indonesia he finds a pastoral people who have lost their history through a confluence of Islam and

technology. In Iran he discovers a religious tyranny as oppressive as the secular one of the Shah, and he meets people weary of the religious rules that govern every aspect of their lives. Pakistan - in a tragic realization of a Muslim recreation fantasy - inherited blood feuds, rotting palaces, antique cruelty; then President Zia installed religious terror with \$100 million of Saudi money. In Malaysia, the Muslim Youth organization is alive and growing, and the people are mentally, physically, and geographically torn between two worlds, struggling to live the impossible dream of a true faith born out of a spiritual vacancy. A startling and revelatory addition to the Naipaul canon, *Beyond Belief* confirms the author's reputation as a masterly observer, a "finder-out" of stories, as well as a magnificent teller of them. The story of a writer's singular journey—from one place to another, from the British colony of Trinidad to the ancient countryside of England, and from one state of mind to another—this is perhaps Naipaul's most autobiographical work. Yet it is also woven through with remarkable invention to make it a rich and complex novel. In his long-awaited, vastly innovative new novel, Naipaul, "one of literature's great travelers" (*Los Angeles Times*), spans continents and centuries to create what is at once an autobiography and a fictional archaeology of colonialism. "Dickensian... a brilliant new prism through which to view (Naipaul's) life and work."—*New York Times*. A classic of modern travel writing, *An Area of Darkness* is Nobel laureate V. S. Naipaul's profound reckoning with his ancestral homeland and an extraordinarily perceptive chronicle of his first encounter with India. Traveling from the bureaucratic morass of

Bombay to the ethereal beauty of Kashmir, from a sacred ice cave in the Himalayas to an abandoned temple near Madras, Naipaul encounters a dizzying cross-section of humanity: browbeaten government workers and imperious servants, a suavely self-serving holy man and a deluded American religious seeker. An Area of Darkness also abounds with Naipaul's strikingly original responses to India's paralyzing caste system, its apparently serene acceptance of poverty and squalor, and the conflict between its desire for self-determination and its nostalgia for the British raj. The result may be the most elegant and passionate book ever written about the subcontinent. V. S. Naipaul's first book about the United States is a revealing, disturbing, elegiac book about the hidden life and culture of the American South — from Atlanta to Charleston, Tallahassee to Tuskegee, Nashville to Chapel Hill. TRAVEL WRITING. This is the third book in V S Naipaul's acclaimed "Indian Trilogy". Much has changed since V.S. Naipaul's first trip to India and this fascinating account of his return journey focuses on India's development since independence. Taking an anti-clockwise journey around the metropolises of India - including Bombay, Madras, Calcutta, and Delhi - Naipaul offers a kaleidoscopic, layered travelogue, encompassing a wide collage of religions, castes, and classes at a time when the percolating ideas of freedom threatened to shake loose the old ways. The brilliance of the book lies in Naipaul's decision to approach this shifting, changing land from a variety of perspectives: the author humbly recedes, allowing the Indians to tell the stories of their own lives, and a dynamic oral history of India emerges before our eyes. A rich collection of essays on

reading, writing, and identity from our finest writer in English, V. S. Naipaul. Literary Occasions charts more than half a century of personal enquiry into the mysteries of written expression, and of fiction in particular. Literary Occasions brings together some true gems of literary criticism and personal reflection. Reflecting on the full scope of his career, V. S. Naipaul takes us through his beginnings as a writer: his boyhood experiences of reading books and his first efforts at writing them; the early glimmers and evolution of ideas about the proper relations of particular literary forms to particular cultures and identities; and his father's influence, revealed in an intriguing preface to the only book he ever published. These moving and thoughtful pieces are accompanied by Naipaul's profound and severe discussions of other authors, including his signal essay on Conrad, and the classic "Indian Autobiographies." The collection is completed by "Two Worlds," the magnificent Nobel Address, in which Naipaul considers the indivisibility of the literary and the personal. Sustained by extraordinary powers of expression and thought, Literary Occasions is both a subtle recollection of Naipaul's past, and the only available organized statement of his literary ideas. A valuable companion to last year's The Writer and the World, this is an essential volume from a man who has devoted his life to the written word. Traders, Pushers, Soldiers, Spies. A pivot for India's Act-East policy. The gateway to a future of immense possibilities from hydrocarbons to regional trade over land and water that could create a new Silk Route. A bulwark against China. A cradle of climate change dynamics and migration. 'Northeast' India, the appellation with which

India's far-east is known, is all this and more. Alongside hope and aspiration, it is also home to immense ethnic and communal tension, and a decades-old Naga conflict and the high-profile peace process that involves four gateway states—Nagaland, Manipur, Arunachal Pradesh and Assam—and several million people. It's among the most militarized zones in the world. It's a playground of corruption and engineered violence. Only real peace, and calm in both Myanmar and Bangladesh, will unlock this Eastern gate. A keen observer and frequent chronicler of the region, Sudeep Chakravarti has for several years offered exclusive insights into the Machiavellian—Chanakyan—world of the Naga and other conflicts and various attempts to resolve these. He now melds the skills of a journalist, analyst, historian and ethnographer to offer inside stories and a ringside view to the tortuous, no-holds-barred attempts at resolving conflict. Employing a 'dispatches' style of storytelling, and interviews with rebel leaders, politicians, bureaucrats, policymakers, security specialists and operatives, gunrunners, 'narcos', peace negotiators and community leaders, Chakravarti's narrative provides a definitive guide to the transition from war to peace, even as he keeps a firm gaze on the future. The Eastern Gate is a tour de force that captures this story of our times. A stunning novel of the present moment that takes us into the hearts and minds of those who use terrorism as an ideal and a way of life, and those who aspire to the frightening power of wealth. Abandoning a life he felt was not his own, Willie Chandran (the hero of Half a Life) moves to Berlin where his sister's radical political

awakening inspires him to join a liberation movement in India. There, in the jungles and dirt-poor small villages, through months of secrecy and night marches, Willie — a solitary, inward man — discovers both the idealism and brutality of guerilla warfare. When he finally escapes the movement, he is imprisoned for the murder of three policemen. Released unexpectedly on condition he return to England, he attempts to climb back into life in the West, but his experience of wealth, love and despair in London only bedevils him further. *Magic Seeds* is a moving tale of a man searching for his life and fearing he has wasted it, and a testing study of the conflicts between the rich and the poor, and the struggles within each. Its spare, elegant prose sizzles with devastating psychological analysis, bleak humour and astonishing characters. Only V. S. Naipaul could have written a novel so attuned to the world and so much a challenge to it. One of the finest living writers in the English language, V. S. Naipaul gives us a tale as wholly unexpected as it is affecting, his first novel since the exultantly acclaimed *A Way in the World*, published seven years ago. *Half a Life* is the story of Willie Chandran, whose father, heeding the call of Mahatma Gandhi, turned his back on his brahmin heritage and married a woman of low caste—a disastrous union he would live to regret, as he would the children that issued from it. When Willie reaches manhood, his flight from the travails of his mixed birth takes him from India to London, where, in the shabby haunts of immigrants and literary bohemians of the 1950s, he contrives a new identity. This is what happens as he tries to defeat self-doubt in sexual adventures and in the struggle to become a

writer—strivings that bring him to the brink of exhaustion, from which he is rescued, to his amazement, only by the love of a good woman. And this is what happens when he returns with her—carried along, really—to her home in Africa, to live, until the last doomed days of colonialism, yet another life not his own. In a luminous narrative that takes us across three continents, Naipaul explores his great theme of inheritance with an intimacy and directness unsurpassed in his extraordinary body of work. And even as he lays bare the bitter comical ironies of assumed identities, he gives us a poignant spectacle of the enervation peculiar to a borrowed life. In one man's determined refusal of what he has been given to be, Naipaul reveals the way of all our experience. As Willie comes to see, "Everything goes on a bias. The world should stop, but it goes on." A masterpiece of economy and emotional nuance, *Half a Life* is an indelible feat of the imagination. *An area of darkness: Semi-autobiographical account of the author's first visit to India, the land of his forebears. From the moment of his inauspicious arrival he experienced a cultural estrangement from the subcontinent Has history been wrong for 200 years? Read the startling truth about the mutiny on the Bounty, its characters, causes, and aftermath. Television rights are now in development with Ridley Scott's Scott Free Productions. More than two centuries after Master's Mate Fletcher Christian led a mutiny against Lieutenant William Bligh on a small, armed transport vessel called Bounty, the true story of this enthralling adventure has become obscured by the legend. Combining vivid characterization and deft storytelling, Caroline Alexander shatters the*

centuries-old myths surrounding this story. She brilliantly shows how, in a desperate attempt to save one man from the gallows and another from ignominy, two powerful families came together and began to create the version of history we know today. The true story of the mutiny on the *Bounty* is an epic of duty and heroism, pride and power, and the assassination of a brave man's honor at the dawn of the Romantic age. Naipaul, of Indian heritage, was born and raised in Trinidad, but he recognized that it was his ancestral culture that governed who he was and how he thought. In this passionate portrait of a culture, a society, and a country, he returns to India, a nation in turmoil. The history of Trinidad begins with a delusion: the belief that somewhere nearby on the South American mainland lay El Dorado, the mythical kingdom of gold. In this extraordinary and often gripping book, V. S. Naipaul—himself a native of Trinidad—shows how that delusion drew a small island into the vortex of world events, making it the object of Spanish and English colonial designs and a mecca for treasure-seekers, slave-traders, and revolutionaries. Amid massacres and poisonings, plunder and multinational intrigue, two themes emerge: the grinding down of the Aborigines during the long rivalries of the El Dorado quest and, two hundred years later, the man-made horror of slavery. An accumulation of casual, awful detail takes us as close as we can get to day-to-day life in the slave colony, where, in spite of various titles of nobility, only an opportunistic, near-lawless community exists, always fearful of slave suicide or poison, of African sorcery and revolt. Naipaul tells this labyrinthine story with assurance, withering irony, and lively

sympathy. The result is historical writing at its highest level. An expatriate English couple and a West Indian would-be revolutionary yield to infidelity, sexual abuse, murder, and irrevocable mental and moral decay on a socially fragile, post-colonial Caribbean island. Using contemporary leadership theory to cast a critical light on an array of mutinies throughout history, this book considers the organizational nature of mutinies, explores the contexts in which they can be encouraged or discouraged, and ultimately shows how mutiny can be considered as a permanent possibility.
