process. All models of Chrysler Cirrus & Sebring, Dodge Avenger & Stratus, Plymouth Breeze. In the past, restoration guides have provided authenticity information, such as accurate paint codes, badges, wheels, and other equipment. A bona fide hands-on how-to book for restoring your Mustang from the ground up has not been offered for years. This unique guide will cover the restoration process for every major component group and also provide detailed step-by-step restoration information for the most important procedures. With clear, insightful color photography to accompany this how-to information, any at-

home restorer can confidently restore a car and save a substantial amount of money in the process. While restomod books have shown how to install latest technology on vintage muscle cars, this book will focus on factory-accurate restorations, and some simple bolt-on upgrades that do not detract from the collector value but rather enhance the reliability and performance of the car. How to Restore Your Mustang 1964-1/2-1973 delivers a detailed explanation for finding the right model, how to assess condition, how to spot a fake, and how to select the right car within your budget. In addition, the book will cover how to plan, prepare, and

select the right tools. This unique guide will cover the restoration process for every major component group and also provide detailed step-by-step restoration information for the most important procedures. The latest techniques and best restoration products for each system will be discussed and detailed. Also, the book discusses how to source parts and what you need to consider between new/old stock and reproduction parts. Readers will also learn how to determine if a certain task is best left for a professional shop. All crucial aspects of restoration, including engines, drivelines, body, interior, trim, electrical systems, brakes,

steering, and suspension will be profiled. Ford is a hardbound, full color 224 page detailed story of the limited-edition 1968 Ford Mustang--which was created just for California. The story of how the California-Crazy car culture in the 1960s prompted the marketing of Mustang's first factory-produced special edition is described in incredible detail - from the inspiration of Shelby's "Little Red" coupe to the development by Ford Design to become 4,118 GT/California Specials. The story continues with the marketing plan by J.Walter Thompson and California's Ford Dealer's Association to bring this Mustang to market in the spring of 1968. A detailed account of the GT/CS

variant, the "High Country Special," sold in the Denver sales district is also included. Detailed production statistics, rare factory photos, authentication, options, accessories, specific part descriptions and comprehensive Concours restoration information are covered, along with the complete stories of the Shelby prototype coupes "Little Red," and the EXP-500 "Green Hornet." A separate chapter is devoted to the development, prototypes and production of the 2007-09 and 2011 GT/CS, and a complete GT/CS Owner Registry of 1,300 cars with photos rounds out the volume. Each book is beautifully bound,

signed and numbered. A very special, limited edition for Mustang collectors! Ford Mustang 94 thru 04. Does not include information on independent rear suspension/driveaxles on 99 & later Cobra models, nor information on the 03 & 04 Cobra models.
